JDA Software Teams with Logicalis to Provide Consumer-Driven Solutions Supported by Best-in-Class Technical Infrastructure

Strategic Alliance Enables Joint Customers to Seamlessly Access Leading Supply Chain Software and HP Server Expertise

Scottsdale, Ariz. – March 31, 2008 – **JDA® Software Group, Inc.** (NASDAQ: JDAS) today announced a strategic alliance with **Logicalis**, a global provider of high-performance technology solutions, to provide current and future customers with a complete set of advanced supply and demand chain software solutions running on HP servers.

As part of the agreement, Logicalis will become JDA Software’s preferred provider of HP Integrity and HP ProLiant servers, and will introduce its customers to JDA Software’s leading supply and demand chain applications that deliver improved performance and increased efficiency. This alliance will not only help each company’s respective customers drive down costs and better meet their business goals, it will also position Logicalis and JDA Software to further expand their solution offerings to current and prospective customers.

“We work with a variety of customers across the retail, wholesale distribution and consumer goods manufacturing industries that are searching for new or additional solutions to enhance their market competitiveness,” said **Mike Schmidt, director of business development at Logicalis**. “By combining JDA’s advanced supply and demand chain solutions with HP’s proven technologies, our customers will benefit from an end-to-end solution that produces a flexible, agile and manageable supply chain.”

Many of JDA Software’s customers currently rely on HP Integrity and HP ProLiant servers because of their proven price performance, high availability, reliability and scalability. JDA Software’s alliance with Logicalis will continue to expand its ability to provide HP’s market-leading infrastructure solutions.

Chris Koziol, chief operating officer of JDA Software, noted, “We have seamlessly integrated our independent strengths and supply chain expertise with HP’s proven infrastructure to create a highly adaptive, combined solution. This agreement with Logicalis helps us to ensure that the best possible team is in place to

consult, implement and support this powerful software/hardware combination by further expanding the resources and expertise available to our customers.”

“As a preferred provider of HP servers and storage, Logicalis has the necessary depth of knowledge to help customers select the most appropriate systems to support their technology requirements,” said **David Parsons, vice president, industry solutions & alliances, Technology Solutions Group, HP**. “Through its alliance with JDA Software, Logicalis can now recommend to its customers an integrated supply chain solution supported by HP’s proven server and storage technologies that enables customers to respond to real-time demands with greater operational efficiency while accelerating business growth.”

Under terms of the agreement, JDA Software and Logicalis will mutually promote each other’s products and solutions to U.S.-based customers. The companies will also collaborate by periodically appearing together at strategic trade shows, user conferences and other industry events. JDA Software’s internal hardware group will continue to provide HP point-of-sale equipment and implementation expertise to support current and prospective store systems customers.

About Logicalis

Logicalis is a global provider of high-performance technology solutions. With over 1,200 people worldwide, Logicalis delivers smart solutions based on specific needs, not the latest IT trend. Logicalis provides options, direction and support to more than 5,000 corporate and public sector customers. The company attributes its success to the everyday positive experiences with its customers and strategic partners such as IBM, HP, Cisco and EMC.

Logicalis is a division of Datatec Limited (LSE/JSE:DTC), a \$3.2 billion multi-national organization listed on the AIM market of the LSE and the Johannesburg Stock Exchange. With its international headquarters in the UK, Logicalis has annualized global revenues of over \$900 million from operations in the U.S., UK, Germany and South America. This press release contains forward-looking statements that are made in reliance upon the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. Forward-looking statements are generally accompanied by words such as “will,” “anticipate,” “plan,” “goal,” “helps” and “expect” and other words with forward-looking connotations. In this press release, such forward-looking statements include, without limitation, our expectation that our alliance with Logicalis will expand our marketing offerings, benefit our existing customers or that it will lead to new customers. The occurrence of future events may involve a number of risks and uncertainties, including, but not limited to the fact that hardware is not a core component of our business, that hardware purchases are highly competitive and cyclical and accordingly we may not be successful in making sales or winning competitive bids, and other risks detailed from time to time in the “Risk Factors” section of our filings with the Securities and Exchange Commission. Additional information relating to the uncertainty affecting our business is contained in our filings with the SEC. As a result of these and other risks, actual results may differ materially from those predicted. JDA is not under any obligation to (and expressly disclaims any such obligation to) update or alter its forward-looking statements, whether as a result of new information, future events or otherwise.
